

March 2006

TO: ALL AGENTS

TIME AND TELEPHONE NUMBERS

There have been some changes that will impact when and how you are able to contact the Home Office of Grain Dealers Mutual Insurance Company.

Following a very lengthy debate, Indiana has adopted Daylight Savings Time. Effective April 2, we will move our clocks ahead one hour with the rest of you (except for our Arizona agents who, in my opinion, have wisely resisted this crazy notion that it is necessary to mess with your clocks twice a year). Anyway, we want to make you aware of this change in the practice of our state with regard to local time.

Furthermore, please be advised of a change to the published telephone and fax numbers distributed by our Company following our move to 6201 Corporate Drive. The numbers provided for Agent Accounts have been changed. Please use the following numbers to contact Teresa Ward regarding your Agent Accounts:

Phone: 800-428-7081, Extension 4581
Fax: 800-828-4124

Please make the appropriate changes to your files and systems. We will look forward to hearing from you and seeing more of you during the extended daylight hours.

Bruce Mitchell
Agency Supervisor
