AUTO ID CARDS AVAILABLE ON WEB SITE

Grain Dealers Mutual Insurance Company is proud to announce another enhancement to our Web Site designed to meet and exceed the expectations of our customers.

Agents are now able to print auto ID cards from the Web Site. This feature can be found under “Underwriting Tools” and will allow you to reproduce or replace auto ID cards for both Personal and Commercial vehicles issued with Grain Dealers Mutual Insurance Company.

If you have any questions or suggestions for further enhancements, please contact your Field Representative or the Agency Supervision Department.
