

Grow and Go

December 2008

TO: ALL AGENTS

DID YOU GROW? WHERE WILL YOU GO?

Your 2008 Growth Incentive from Grain Dealers Mutual Insurance Company will end as of December 31, 2008. Did you achieve your annual production goals?

If you increased your written premium with Grain Dealers Mutual Insurance Company by as little as \$25,000 in 2008, you will earn a weekend getaway. If you increased your premium by \$100,000, you could be cruising off to the Bahamas for 4 days. With four qualifying levels, you have a variety of destinations and adventures to choose from, and a full year to decide when and where you want to use it.

Year-end figures should be available by mid-to-late February 2009. It is our sincere hope you will receive a travel reward for your production efforts.

Thank you for another successful year. Your continued production efforts and consideration of Grain Dealers Mutual Insurance Company is greatly appreciated. Our goal is to continue to Grow and Go forward in partnership with our agents.
